EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the title:

Change the instant title to the following:

--Nonvolatile memory device having a voltage booster with a discharge circuit activated during standby--.

In the abstract:

```
At line 1, change "Voltage" to --A voltage--; and delete "such as";
```

At line 2, change ", said device comprising:" to --with--; and delete "such as";

At line 5, change "characterized in that it also comprises" to --and--

At line 6, delete "in module";

At line 7, delete "to";

At line 8, delete "functioning"; and insert --is-- after "device".

In the specification:

```
At page 24, delete in the entirety the paragraph starting with:
```

"All of the above U.S. patents,

....., are incorporated herein by reference, in their entirety."

In the claims:

In claim 3, line 3, delete "and such as";

line 5, delete "in module";

Application/Control Number: 10/614,693

Art Unit: 2824

The above changes have been made to correct typographical and grammatical errors, and to overcome antecedent basis deficiencies.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art does not teach a voltage booster comprising a first terminal connected to a first capacitor; a second terminal connected to a second capacitor and selectively connectable to the first terminal; and a discharge circuit for reducing a potential of the first terminal during standby and when the first and second terminal disconnected.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew Q. Tran whose telephone number is (571) 272-1885. The examiner can normally be reached on Mon - Fri 8:30 AM - 5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard T. Elms can be reached on (571) 272-1869. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
